Hi George,

What a breath of knowledgeable pleasure it has been, working with you.

Best wishes forever.

Sara

**Subject:** Thank you

Hello all. As most of you may have heard I will be leaving the USEPA to further my career in other endeavors. I wanted to express how wonderful an experience I had working with all of you on my various Port of Los Angeles projects, from Yusen Terminal, Front Street Beautification, SW Marine, San Pedro Boat Works and the up and coming Wilmington Marine Service site. I appreciate everyone's professionalism, dedication and integrity. Most of the projects have not been assigned a new PM as of yet that I know of. I will be separating in a couple of weeks, however if I am able to determine who will take over a project I will do my best to ensure introductions are completed prior to my departure. I am also sharing my supervisors info just in case. Thanks again.

P.S. If anyone still speaks with Heloise Froelich Please share my thanks as well.
